WHAT TO SEE IN POLAND ?

Warsaw

Make sure you invest some time to see Poland during your studies. It is a beautiful country with lots of interesting places, rich history and friendly people.

Krakow – the former capital of Poland and one of the country's oldest cities. Krakow is full of beautiful townhouses, church architecture, charming parks and a huge Old Town Square. Explore these unique historical relicts and reflect upon the medieval European culture. Enjoy local culinary and cultural events. The ESN team at Kozminski University organizes a trip per semester to Krakow.

Zakopane – a small town in the Tatra Mountains situated close to Krakow. One of the most popular tourist destination for skiing or mountain tours. Don't miss the „oscypki” - smoked cheese made of salted sheep milk.

Lublin – Where East Meets West. Years ago the city integrated Jews, Poles, Lithuanians, Belarussians and Ukrainians. Nowadays it connects students, artists, scientists and business people. Part of the Old Town was not destroyed during World War II, so it feels like being back in the 18th century. Visit the Lublin castle, the historical museum and the Krakovian Gate, built in 14th century.

Wroclaw – the capital of Lower Silesia often compared to Vienna or Amsterdam. A variety of architectural styles attracts tourists from all over Europe. This typical student city has 112 bridges and 12 islands. At the Old Town you'll find second the largest market square in Europe, which is also worth seeing.

Poznan – the largest economic center and one of fastest developing cities in Poland. Many international companies have their subsidiaries in Poznan. It is also the most attractive place for major trade fairs and foreign investors in Poland. Visit Europe's modern regatta course taken on Lake Malta.

Trojmiasto – an urban area consisting of three cities: Gdansk - city of freedom, famous for the „Solidarność” (Solidarity) movement, Sopot known for plenty of students' parties and festivals, and beautiful Gdynia with its long beaches. Trojmiasto combines historical buildings with new industrial areas. You can take a ferry trip to Sweden from the port in Gdansk.

Mazury – fall in love with the land of a thousand lakes. Best place for summer recreation! You can spend an active vacation or long weekend with canoes, windsurfing and campfires.

MEDICAL CARE AND INSURANCE

Non-EU students are not covered by the Polish national health care system. According to state bilateral agreements in case of emergencies, hospitals may be visited. However, the costs of in-hospital medical care and appointments to general physicians will have to be covered by students. These costs are relatively high and usually start at around 100 PLN per visit.

Therefore, students should buy healthcare and casualty insurance in their home countries for the period of their stay in Poland (such insurance can also be purchased in Poland after your arrival through private companies). It is highly recommended for EU students to obtain a European Health Insurance Card (EHIC). It allows you to use medical services in public hospitals, not only in Poland, but also in all EU countries and Iceland, Lichtenstein, Norway and Switzerland, under the same conditions and at the same cost (free in Poland) as people insured in EU countries. Cards are issued by your national health insurance provider.

LUX-MED FOR KOZMINSKI STUDENTS

When you experience any health problems, do not wait – call a doctor or arrange a visit in LUX MED. Full time students have the opportunity to visit a general doctor free of charge. Don't forget your valid student ID card, this document authorizes you to use this medical service.

KU covers the costs of visits to the general practitioner and the cost of laboratory tests obtained by referral from the doctor through LUX-MED. The cost of visits to other specialists are not refunded by the University, but you can get a 10% discount after presenting your Kozminski University student ID card. The closest LUX-MED is situated on 3 Szernerka st. (two tram stops past the University towards Żerań FSO).

SPORTS AT KOZMINSKI

At Kozminski University we know the importance of sport and everything it entails: healthy competition, achieving goals, teamwork and perseverance. Therefore, we have created the **Kozminski University Sport Club**, a place where under the supervision of trainers you can practice your favorite sport throughout the academic year. Each member of the club will receive a card for an unlimited number of entries and can participate in a number of selected activities.
